FR Notice de montage de la baignoire

GB Bathtub installation instruction.

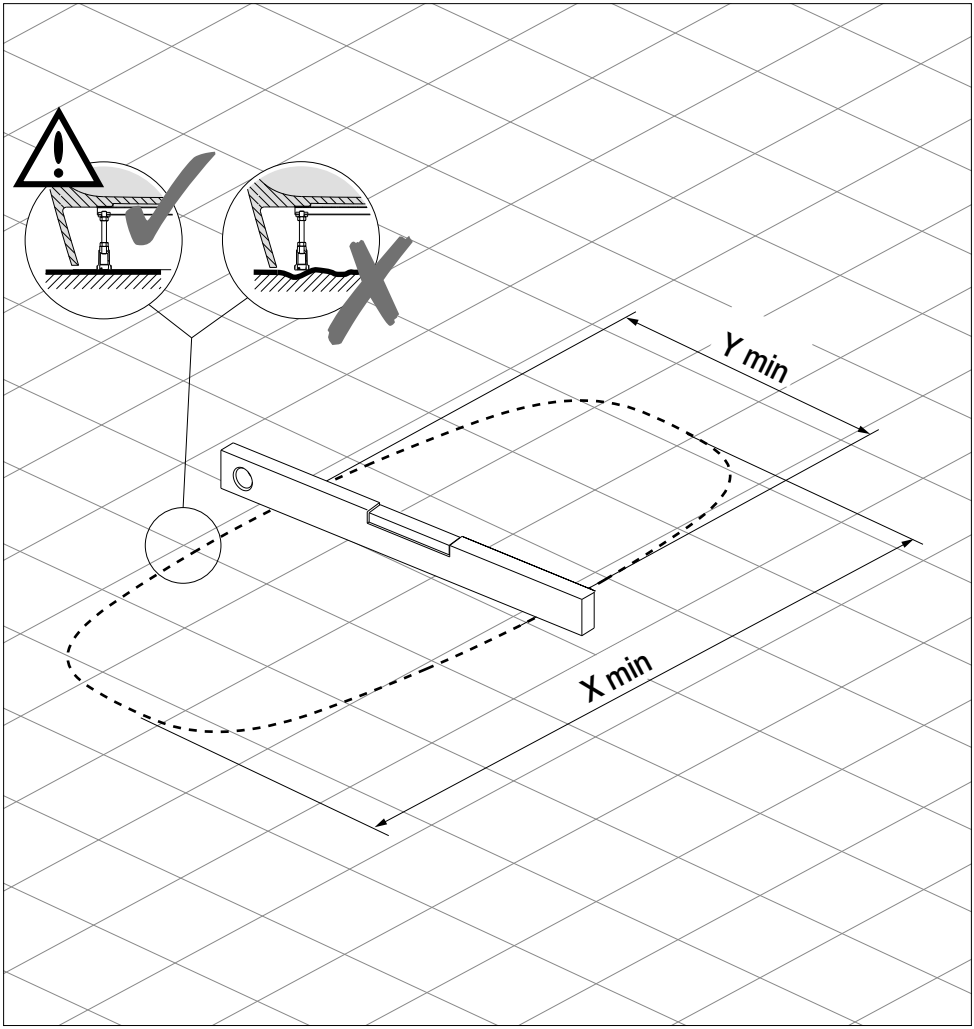

BAIGNOIRES OVALES INDÉPENDANTES EN BÉTON MINÉRAL

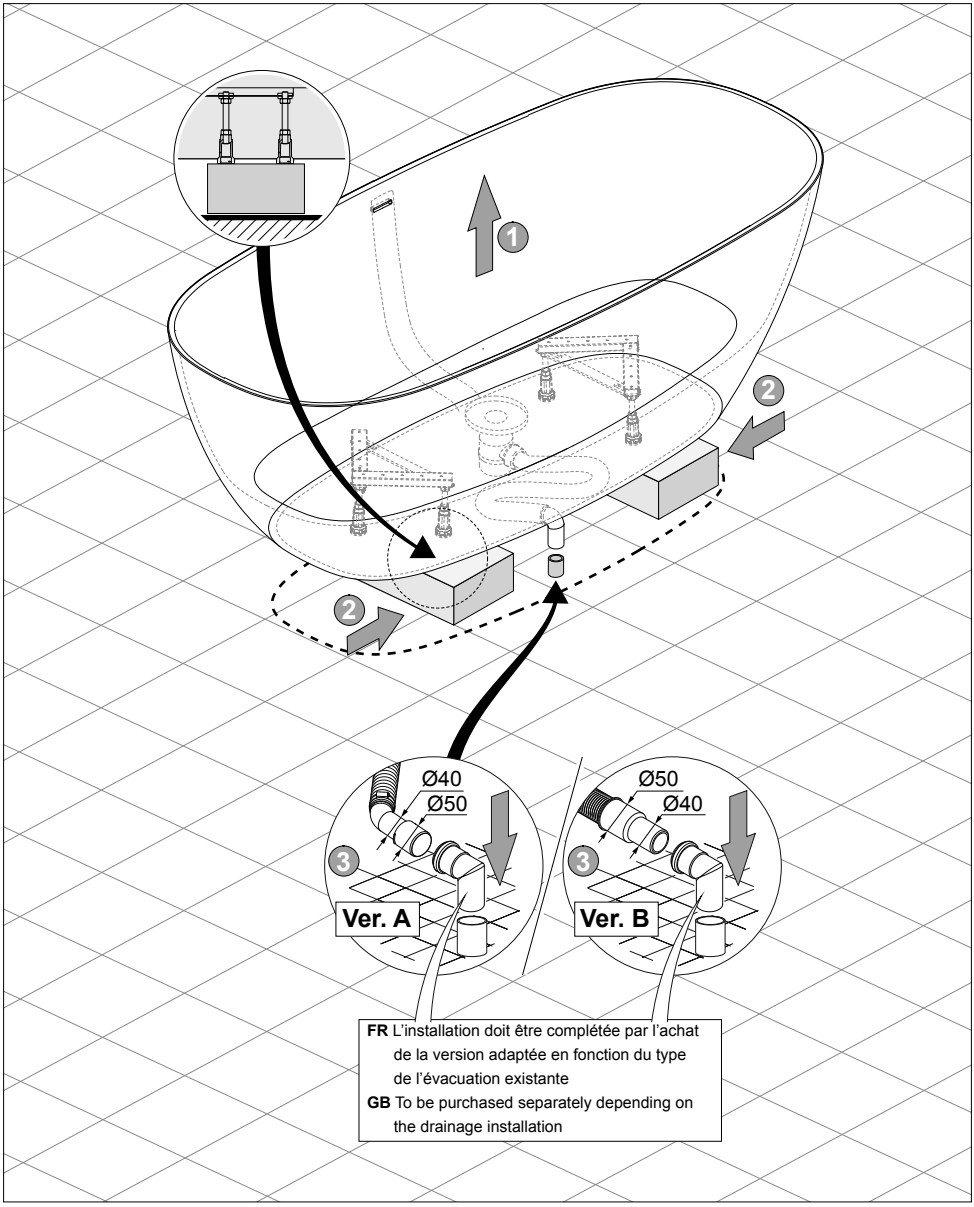

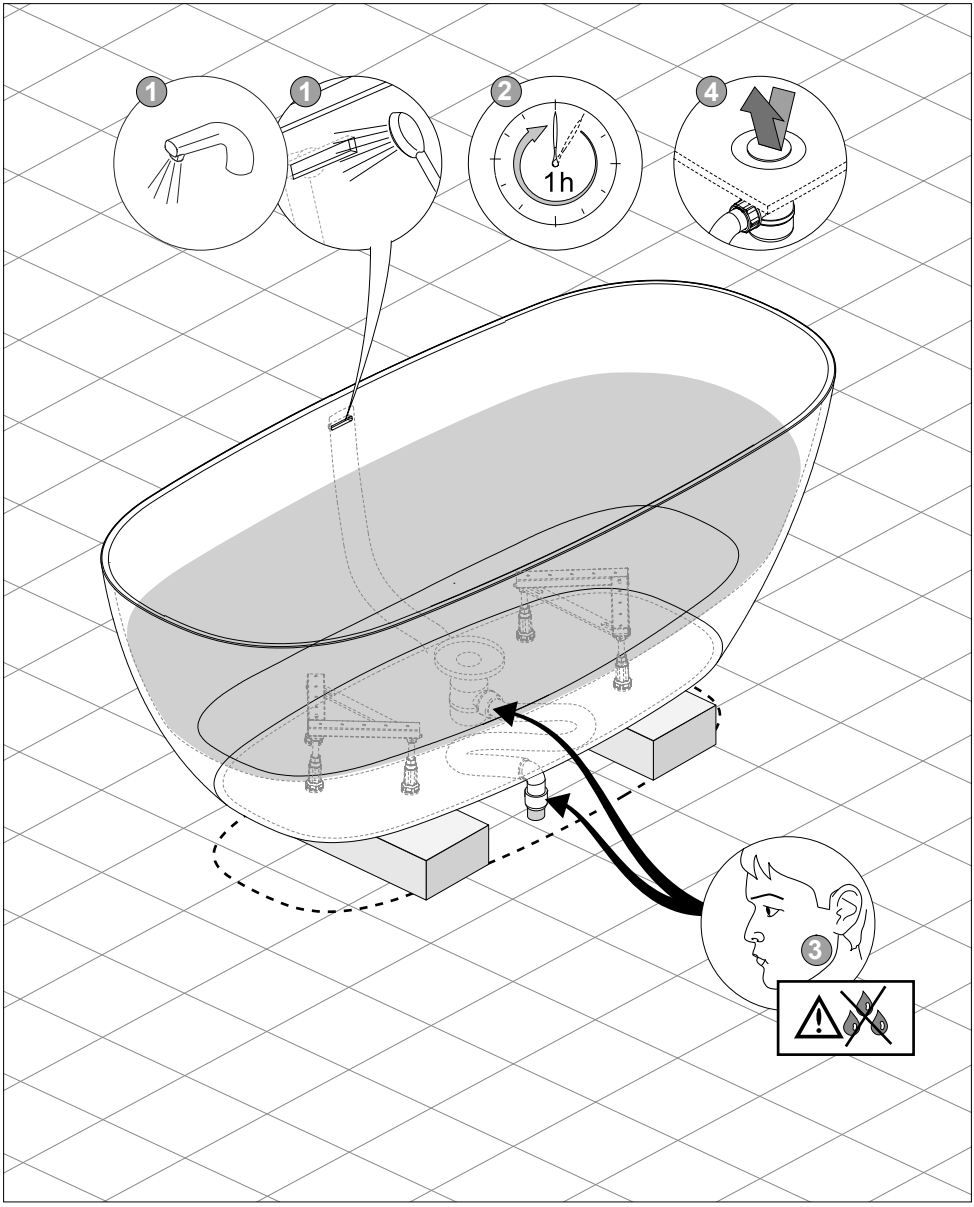

FR **MONTAGE:** un monteur professionnel est recommandé pour l'installation du receveur. **SOINS ET ENTRETIEN** utiliser un liquide standard non abrasif et sans solvant ; ne pas mettre de produit acides ou caustiques dans le receveur. **PETITES REPARATIONS:** En cas d'apparition de petites rayures, poncer délicatement la surface sans la déformer, avec un papier de verre grain fin 800 et finir avec un grain 1500 et finir en polissant la réparation avec une pate à polir à grain fin. **Attention:** en situation mouillée surtout lors de l'utilisation de savon, shampoing et huile la surface devient plus glissante; le fabricant se réserve le droit d'apporter des modifications techniques.

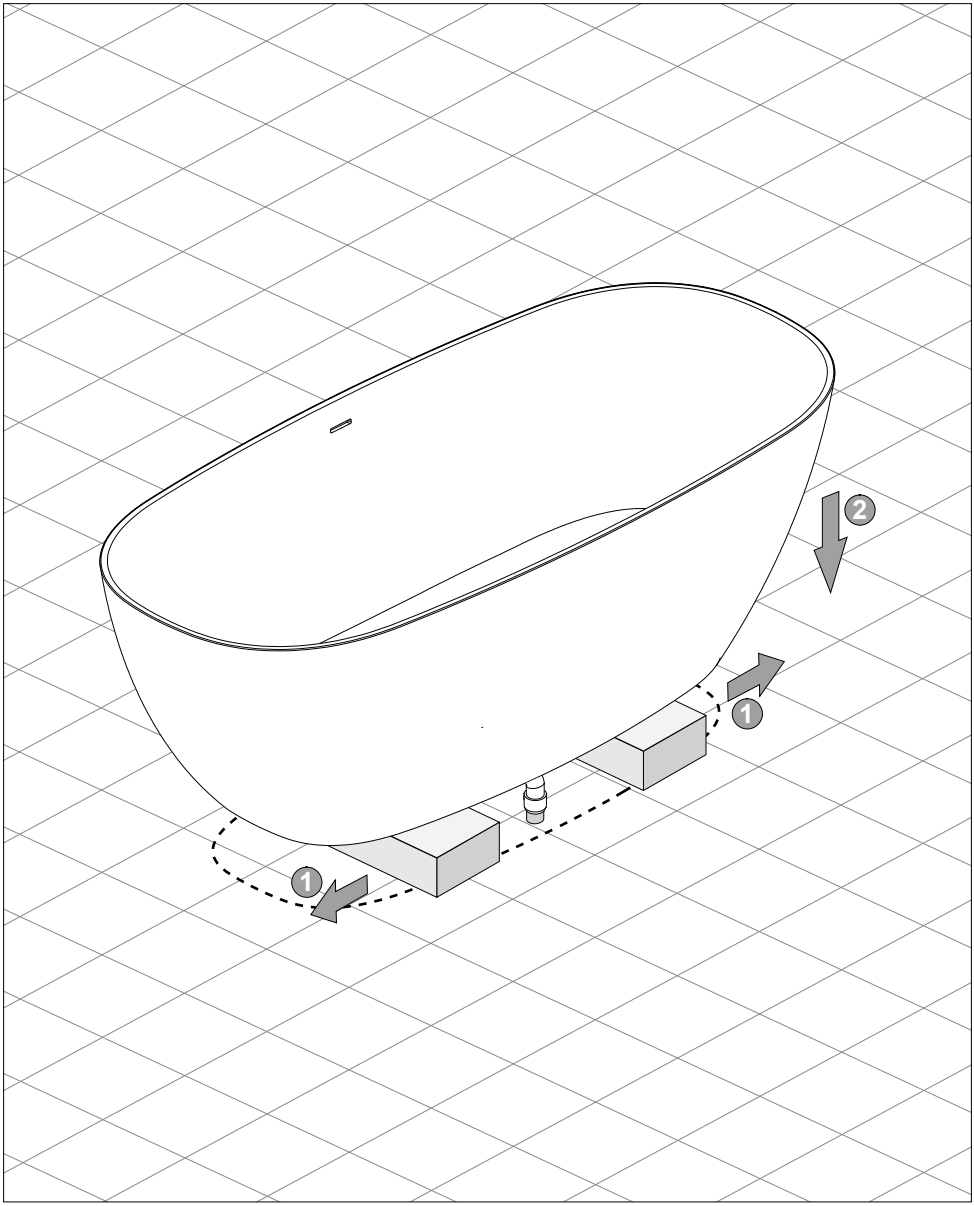

GB **Installation:** Producer recommends installation by the qualified installer to keep optimal parameters of product. **CARE AND MAINTENANCE:** Clean ordinary cleaning fluid (Note! cleaners containing abrasive are not recommended and may cause surface scratches), products should not be subjected to action: acids, ammonia and corrosive and irritants, or chlorine compounds (such as measures to cleaning the toilets) and the highly colored substance. **LITTLE REPAIR:** in the case of scratch, surface can be gently corrected wet sanding with fine sandpaper (from 800 up to 1500 grains), finish polishing fine-grained polishing paste. On the invisible (after assembly/bottom) product surface is allowed appearance of following the mineral cast venting. **Attention!** During wetting, especially with soap, shampoo, bath oil using, etc., most of the shower trays/bathtub surface can be very slippery! **Notice:** The producer reserves the right to introduce changes of technical parameters and colours of described elements.
